J. HUGO ARONSON  
GOVERNOR

ALEX B. STEPHENSON  
SUPERVISOR

Helena, Montana  
23 March 1959

Honorable J. Hugo Aronson  
Governor of Montana  
The Capitol  
Helena, Montana

Dear Governor Aronson:

The Montana Highway Patrol takes pleasure in presenting to you their Annual Activity Report and Analysis of Accident Reports for the year 1958.

It is gratifying to note that Montana enjoyed a nine percent reduction in traffic fatalities over 1957, when Montana led the Nation with a twenty-one percent reduction in fatalities. This combined percentage for the past two years gives Montana the distinction of continuing to lead the Nation in reduction of fatal accidents.

The need for constant vigilance is reflected in our rapid growth in population, registration and vehicle miles traveled. Recognizing this need, the department has been putting all of its energy into the basic programs of enforcement, driver improvement, licensing and education, as this report reveals.

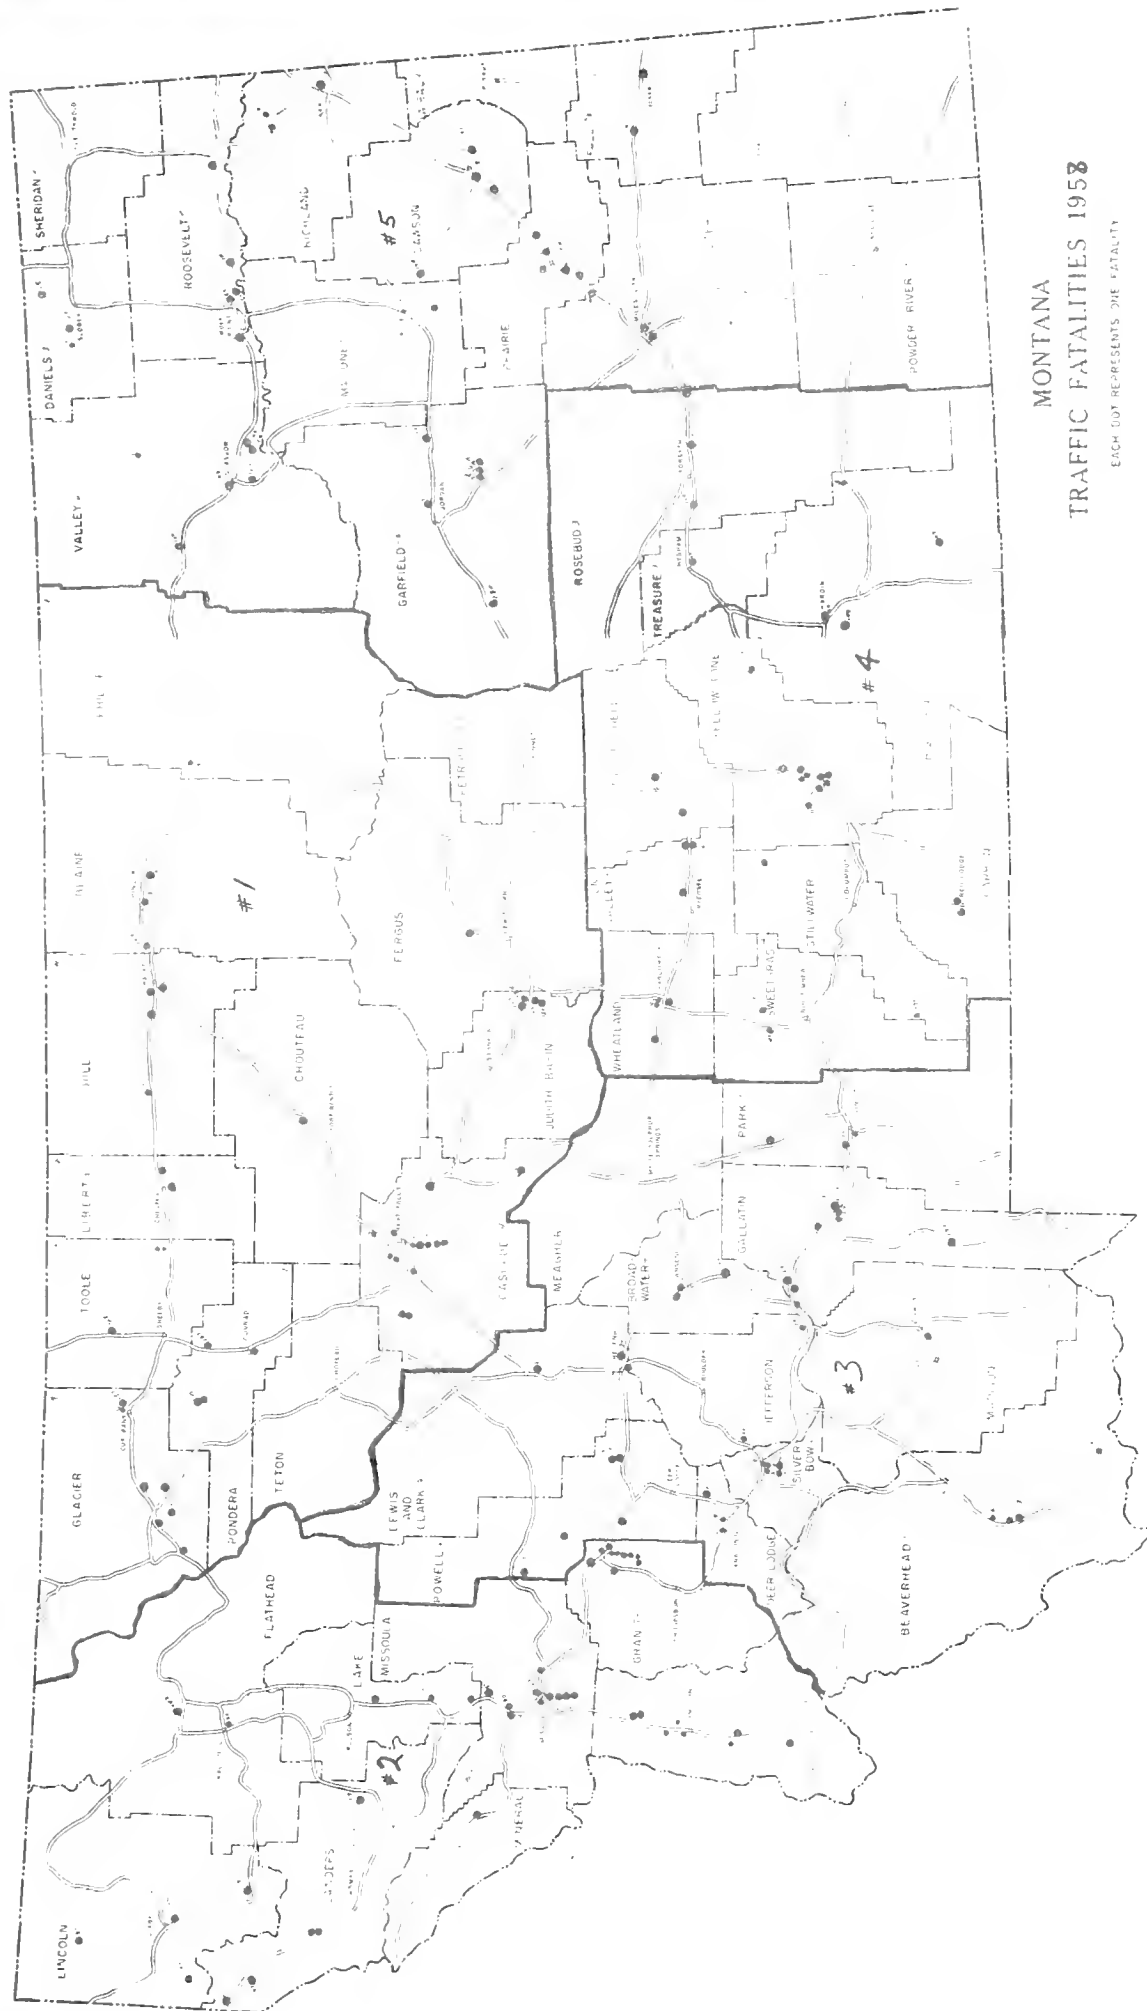

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Alex B. Stephenson", is written over the typed name.

ALEX B. STEPHENSON  
Supervisor

## ENFORCEMENT

### DURING 1958 MONTANA HIGHWAY PATROL OFFICERS:

- \*\* Traveled 4,297,570 miles in patrolling Montana's 8,245 miles of oiled and paved highways.
- \*\* Watched over 358,203 registered vehicles, a ratio of 4,368 registered vehicles per man; and 317,092 licensed drivers, a ratio of 3,867 licensed operators per man. This was in addition to unknown thousands of out-of-state vehicles and drivers that used Montana's highways during the year.
- \*\* Investigated 3,917 traffic accidents, and as a result issued 3,304 citations for violations of the Motor Vehicle Code to drivers involved in these accidents.
- \*\* Arrested 714 motorists for driving while under the influence of intoxicating liquor. Convictions were obtained in 630 of these cases, and 51 are now pending in the courts.
- \*\* Issued 31,713 citations for traffic law violations, 19,230 of them for moving violations.
- \*\* Inspected 850 school buses engaged in the transportation of school children in the 56 counties of Montana to enforce Vehicle code provisions and Montana school transportation rules and regulations concerning school bus equipment and operation.
- \*\* Inspected 899 trucks or motor vehicles transporting livestock or livestock products on Montana highways.
- \*\* Issued 1,058 summonses for Gross Vehicle Weight Law, Size and Weight, and Motor Vehicle Code Registration violations and collected \$7,565.00 for other Gross Vehicle Weight fees. GVW enforcement was curtailed during the first nine months of the year due to lack of trained personnel. One uniformed officer was on duty from January until June. On November 10, 1958 three crews started GVW operation.

## SAFETY AND EDUCATION

The Department of Public Instruction reports that about one-third of the high schools in Montana are now offering a driver training program. The need for a program of this type is urgent and every effort should be made to expand driver training.

There is also a need for training of younger children in bicycle and pedestrian programs. Several areas have made progress in the junior high school level. To be most effective, traffic safety education will have to be stressed throughout the lives of today's children.

Additional safety films were purchased during the year, a survey of available films was made, and more films are on order.

Many requests have been made for speakers, films and other traffic safety materials. Members of the Highway Patrol have made many appearances before different civic groups interested in traffic safety.

Driver training courses for teachers were again offered at the State University under the supervision of Dr. John Urlaub of Berkeley, California. These courses will again be offered in the summer of 1959. Dr. Urlaub will again be in charge of these courses.

More than twenty outdoor advertising posters relating to traffic safety were displayed in Montana for a total of 295 poster months. These posters were furnished and displayed by the Montana Outdoor Advertising Association.

The various radio and TV stations in Montana have made over 1,200 broadcasts relating to traffic safety.

Citizen support for the traffic safety movement has grown in 1958 as the Montana Council for Traffic Safety has had a full-time representative in the field. Mr. Kelly Pugh is employed as the Managing Director and has done a fine job. Much credit is due the Montana Council for Traffic Safety and other citizen support groups for their part in the battle against death on the highway.

SAFETY RESPONSIBILITY DIVISION

1958

CASES REPORTED AND PROCESSED

25,680	Accident reports numbered in
6,789	Two-or-more motor vehicle cases processed

15,139	Reports not applicable to processing

SUSPENSIONS

1,179	Suspensions issued for failing to file accident reports
1,570	Suspensions issued for compliance with security requirements of SR Law
824	Went into suspension
746	Cleared before effective date of suspension

Of the 824 suspended:

- 207 submitted releases
- 115 deposited cash as security
- 14 filed property or surety bonds
- 50 filed proof of insurance coverage at time of accident
- 17 filed agreements
- 7 cleared by other states
- 3 death
- 2 filed evidence of claims paid
- 2 submitted proof that damage did not exceed \$100
- 1 appealed

406 remained suspended for one year

SECURITY POSTED

\$35,824.00	Cash posted as security in accident cases
<u>4,672.00</u>	Surety and property bonds posted as security
\$40,496.00	Total security posted in accident cases
\$11,000.00	Property bond filed as proof of financial responsibility for future security

## DRIVER EXAMINATION SECTION

There were 317,092 driver licenses in effect at the end of 1958. This included 193,350 operator and 35,234 chauffeur licenses. One thousand eight hundred and twenty-eight persons applied for and received learners licenses. Fifty thousand seven hundred and forty-eight examinations were conducted -- 43,657 operator and 5,269 chauffeur tests. Of the 50,748 applicants, 30 percent failed to pass the examination and were required to return for an additional attempt. Of those returning, 18 percent failed to pass and finally 29 percent were required to wait for six months before being eligible to retake the examination.

Well over 5,000 persons received warning letters resulting from accidents or traffic violation arrests. These persons were required to exhibit their knowledge, ability and skill in the operation of a motor vehicle and knowledge of the law. This first step in the Driver Improvement Program establishes the driver's knowledge and his ability to apply this knowledge to the job of driving.

Eight hundred and thirty-seven persons who had previously received a warning letter again were arrested for various traffic violations and received advisory letters which again warned them about their driving record. Of this number, 131 were directed to meet with an interview officer after their driver file showed they had received an additional summons. Nearly all of these persons were issued a probationary license, restricting them to occupational driving in some cases, no restrictions in others. Less than 10 percent of those having been issued probationary licenses had to be treated further. Apparently the balance saw the light and started driving correctly, or at least, were more alert and weren't arrested or involved in collisions.

One thousand five hundred and eighty-seven persons lost their driving privilege after being convicted of driving while under the influence of intoxicating liquor and other violations which require mandatory revocation. Eight hundred and seventy-four persons were suspended for various violations. Sixty-seven persons were examined and either suspended indefinitely or restricted, for being mentally or physically incompetent. Twelve hearings were requested by those persons who had been suspended. In several of the twelve hearing cases, the person's driving privilege was restored after it was found that the suspension was not completely justified.

The percentage of those persons who receive the advisory letter and are interviewed and finally suspended, as compared to the total number of warning letters sent, indicates the success of the Driver Improvement Program for less than 10 percent return for a second treatment in all cases.

MONTANA HIGHWAY PATROL  
Helena, Montana

YEARLY ANALYSIS OF ACCIDENT REPORTS

January 1, 1958 - - - December 31, 1958

Number of Accidents Reported:

U. S. & State Highways - - 3,841  
County & Rural Roads - - - 1,587  
Cities & Towns - - - - - 1,609

Total - - - - - 7,037

Number of Accidents Investigated:

Highway Patrol - - - - - 3,917  
Other Agencies - - - - - 253

Total - - - - - 4,170

Number of Deaths Resulting - 193  
Number of Injuries,

No Deaths Resulting - 2,651

Drivers, Male - - - - - 8,977  
Drivers, Female - - - - - 1,471  
Drivers, Sex Not Stated - 17

Number of Accidents Not Investigated:

U. S. & State Highways - - 885  
County & Rural Roads - - - 685  
Cities & Towns - - - - - 1,296  
Not Stated - - - - - 1

Total - - - - - 2,867

Total Number

Drivers Involved -10,465
